2:20 PM	Course Listing Unavailable
3:09 PM	Introduction to Film
7:20 PM	Digital Estate Planning
12:12 PM	Advanced Documentary Filmmaking
5:05 AM	Basic Email Security

This looks like random gibberish at first. But notice that none of the numbers in the times goes above 26 – this could be a clue to turn them into letters via A=1, Z=26. Doing this, but remembering to turn the hours into the 24 hour clock first, the times translate to:

5:20 = E T
 16:18 = P R
 9:15 = I O
 19:06 = S F
 14:20 = N T
 15:09 = O I
 19:20 = S T
 12:12 = L L
 5:05 = E E

This reads as EPIS NOS LETR OF TITLE, which gives the instruction “take the episode numbers of each title”. But what episodes? By googling, it can be found that these are all episode titles of the TV show ‘Community’, hence the puzzle’s title.

The shows are 2.22, 4.07, 1.16, 6.05, 3.18, 1.03, 3.20, 4.06 and 6.06, so take the 22nd letter of the first line, 7th letter for the second, and so-on, to produce DIUOATNCE. If you then order them in terms of time, like a proper timetable would, it spells EDUCATION.
