

Middlemarch

The aim of this puzzle is to pair up the circles. Upon inspection, it eventually becomes apparent that the clues represent famous Georges - Doug Ross in ER was played by George Clooney. Fastlove was a song by George Michael. These are all Georges, how curious! Using the title as a hint, they must be linked to the year in which they were born. Doing this produces the diagram above, which crosses out some of the letters. The remaining letters spell out BEATLE, making the answer one further George, who is HARRISON.
