

GROSS

This first part of the Puzzlemas 2019 metapuzzle was a series of 12 wordfills. Each grid had four words underneath, and every main puzzle had a scroll with eight more words written on it - these words could be combined with one of the wordfills to complete a grid. I was even kind and had the grids in numerical order, Day 1's was top left, Day 2's was top middle, Day 3's was top right, and so on. This page is a representation of the final answer to the metapuzzle - though strictly you don't have to fill in all the grids throughout Puzzlemas it certainly helps you spot when you have the final answer. Filled in grids are presented below.
